

ANIKET JADHAV

Frontend Developer

Experienced front-end developer with over 3.6 years of hands-on experience in developing responsive and scalable web applications using React JS. Proficient in Redux, Next.js, and TypeScript, with a strong foundation in modern web technologies like HTML5, CSS3, JavaScript (ES6+), and CSS preprocessors. Adept at collaborating with cross-functional teams, optimizing web performance, and implementing best coding practices to deliver efficient, user-friendly applications.

WORK EXPERIENCE

Associate Technology TechChefz Digital

01/2023 - Present

Noida, Uttar Pradesh

Achievements/Tasks

- Mentored junior developers in React.js and Next.js, resulting in a 30% faster task completion rate and fostering best practices within the team.
- Engineered scalable web applications using React.js, Next.js, and Redux, optimizing performance to achieve a 20% reduction in load times and improving user retention by 15% through code-splitting and lazy loading techniques.
- Implemented user authentication using JWT for secure sessions and OAuth for Google login, integrating RESTful APIs to enhance data security and user experience, reducing vulnerabilities by 30%.
- Managed source code with Git and Bitbucket, implementing effective branching strategies that reduced merge conflicts by 25%, and utilized Jira for task tracking and Agile sprint planning.
- Conducted comprehensive code reviews to ensure adherence to best practices, leading to a 40% reduction in post-release bugs and improved overall code quality.
- Designed responsive user interfaces using UI libraries such as Material UI, Bootstrap and Shadcn UI, while employing Tailwind CSS and Sass for maintainability and enhanced user experience.
- Collaborated with cross-functional teams to define user requirements, resulting in a 25% increase in client satisfaction through timely delivery of features based on user feedback.

Senior Software Developer Advanced Structures India

09/2021 - 12/2022

Bengaluru, india

Achievements/Tasks

- Developed frontend features for the XCEP SaaS application using React, TypeScript, Redux, and Material UI, enhancing user experience and functionality.
- Implemented module-wise and action-based permission handling, ensuring secure user access and compliance with client requirements.
- Collaborated with cross-functional teams to integrate XCEP into client workflows, facilitating smooth user adoption and maximizing tool effectiveness.
- Maintained high code quality through best practices and TypeScript integration, resulting in a 20% reduction in bug reports.
- Participated in Agile methodologies, contributing to sprint planning and accurately defining user stories to enhance project scope and delivery.

EDUCATION

Bachelors in Computer Science Deshbandhu college, DU

07/2018 - 06/2021

New Delhi

Class 12th (CBSE) - PCM with Computer Science The Adarsh School

03/2017 - 03/2018

New delhi

SKILLS

PERSONAL PROJECTS

GoodBudget Web App

- Built a finance management application with Next.js and PostgreSQL, including user authentication, income/expense tracking, and detailed financial reporting.

Evently

- Developed a Next.js 14 platform for creating and booking events, featuring user authentication and real-time booking updates. Utilized MongoDB for data storage and Tailwind CSS for responsive design, enhancing user engagement by 20%.

Personal Portfolio

- Built a personal portfolio website using Next.js, Tailwind CSS, Shadcn UI, and Framer Motion to showcase projects and skills. The responsive design, combined with smooth animations, resulted in a 30% increase in visitor traffic and enhanced user engagement.

Tip Calculator

- Designed an intuitive app for calculating tips and splitting bills, enabling users to customize tip percentages and view totals easily. Developed with React.js and Tailwind CSS.

INTERESTS

Enthusiast of multiplayer strategy games like PUBG and Valorant; participated in various gaming tournaments.

I am also a taekwondo athlete. I have represented Delhi in various national tournaments and Also got selected for asian trials in 2017
